Subject: Partnership with Globe Life And Accident Insurance Company

Federally Employed Women (FEW) continues its partnership with Globe Life And Accident Insurance Company. Since May 2013 we have partnered with Globe Life to assist our members and constituents by offering a wide range of life insurance and health insurance products and programs. Globe Life has supported the mission and goals of FEW by devoting resources to support our organization.

Serving customers across the country, Globe Life products include Children's Life Insurance, Adult Life Insurance and Accidental Death Insurance. In 1972, Globe Life formed its Employee Services Division (ESD) to service the Government marketplace at the state and federal levels, and has developed special life and health insurance products to continually meet those needs. Through Globe's supplemental insurance program, Government members and their families can purchase Ordinary Life or Term insurance protection designed to pick-up where their Federal Employee Government Life Insurance, or FEGLI, leaves off. Please take time to view Globe Life's website at: www.esdglobe.com.

We're asking each member to consider extending their insurance by viewing the opportunities offered by Globe Life. For additional information, please feel free to contact Globe Life representative, Ms. Shelly Walker Srwalker@torchmarkcorp.com.

Respectfully,

Wanda V. Killingsworth
National President
